Punggol View defines 6 MESCAP Student Outcomes

Morally Upright

Knows the R³ICH values, feels the need to act and demonstrates the observable behaviours for each value

Physically Active

Exercises regularly and eats wisely

Aesthetically Aware

Is a motivated participant and an appreciative audience of the Arts

Cognitively Robust

Achieves academic success and is curious, confident and collaborative

Emotionally Adept

Manages one's emotions, relates well with others and makes responsible decisions

Socially Responsible

Contributes to the betterment of others and the environment by participating in Values in Action, and works towards becoming a good citizen

How then can we achieve the MESCAP outcomes?

By demonstrating Positive Learning Behaviours!

**What's in store for
your child at P2?**

What do P2 children learn ?

- P2 Programme....

- English, Mathematics and Mother Tongue (MT)
- CCE / FTGP, values education
(R³ ICH values, life skills, National Education & Social Studies)
- Health Education & PE
- Programme for Active Learning (PAL)
 - Providing a variety of learning experiences for your child to acquire knowledge, skills and values

Transition from P1 to P2.

Foundation Stage
(Primary 1-4)

Orientation Stage
(Primary 5-6)

Primary School Leaving
Examination (PSLE)

- ❖ P2- Still in the Foundation Stage where we want to excite students;
Still part of Lower Primary

- ❖ Like P1, No Weighted Assessment or SA (formal exam) for P2
- ❖ Schools to continue to use assessments formatively to move students' learning forward (Bite-sized Assessment).
- ❖ Similar to P1, use qualitative descriptors to report mastery of learning at P2- Using Learning Outcomes
- ❖ Purpose and Intent: To encourage students at such a young age to focus on growth and mastery as opposed to grades and performance
- ❖ Continue with the HA portfolio to collate students' work as well as to communicate learning progress. Students' learning progress will be reflected in the HDP which will be issued at the end of each semester

How will my child's academic progress be measured if there are completely no examinations and weighted assessments at P2?

- Current practices to gather information about students' learning through checkpoints (e.g. class discussions, in-class work, homework, and bite-sized tests) WILL continue.
- Teachers continue to track learning progress of students through formative assessment strategies
- **The ONLY change is that these checkpoints will no longer count towards an overall result.**
- Use of qualitative descriptors instead of marks and grades to report students' learning progress in the report book (**Holistic Development Profile**). **Focus is on the learning; Not marks.**

Learning Outcomes for P2...

- Every subject to focus on 3 to 5 Learning Outcomes(LO) per semester to report students' learning progress
- 4 Levels of qualitative descriptors to report students' learning progress for each LO
 - **Level 1: Starting out;**
 - **Level 2: Getting there;**
 - **Level 3: Got it;**
 - **Level 4: Achieved Mastery**

Holistic Development Profile at P2...

- A report card to update you on how your child has developed in both academic and non academic areas and how you can work with teachers to support your child in his growth
- Consists of Academic/ Non academic Learning Progress (Learning Outcomes); Conduct, comments and personal qualities for Lower Primary

How can you support your child in these areas using the data in HDP?

- Encourage and affirm your child on the progress made
- Learning from various school activities and experiences, discuss with your child his strengths and interests
- Discuss with your child his plans in developing in both academic and non-academic domains

Essentially, it means that you should...

{ Focus on your child's
HOLISTIC DEVELOPMENT }

During Parent-Teacher Meetings (PTMs), you can ask

- A** Is my child coping well in class?
- B** Is my child adopting healthy (mental and physical) habits in school?
- C** How is my child interacting with others?
- D** How can I grow my child's interests and strengths?
- E** How can we work together to help him?

Learning Dispositions for P2...

5 Learning Dispositions

JOY OF LEARNING

Students who show joy of learning are motivated to learn and do their best. They derive satisfaction from learning new skills or discovering new ideas. They are also enthusiastic and show great interest in learning new things.

RESILIENCE

Students who are resilient do not give up easily when the problem is difficult and are not easily discouraged. They will even rise to the occasion when faced with setbacks.

OPEN-MINDEDNESS

Students who are open-minded are willing to try out ideas or solutions offered by peers, willing to explore possibilities and consider other viewpoints and approach challenges in creative ways.

CURIOSITY

Students with a natural curiosity will show interest in the world they live in. Students who are curious are eager to ask questions to develop deeper understanding and explore and learn about the things around them.

COLLABORATION

Collaborative learners are students who can cooperate well with others in a group learning setting, respect ideas shared by peers and value contribution of others. They work well as a team and learn from one another.

What criteria will PGVP use to identify students with positive learning dispositions?

Joy of Learning ■ **R**esilience ■ **O**pen-mindedness ■ **C**uriosity ■ **C**ollaboration (JROCC)

Ways you can help your child nurture Learning Dispositions

RESILIENCE

Students who are resilient do not give up easily when the problem is difficult and are not easily discouraged. They will even rise to the occasion when faced with setbacks.

When your child is stuck in the middle of a task, instead of providing immediate help, support your child by encouraging him/her to

- ❖ wonder....: “ I am stuck because?.....”
AND
- ❖ believe “ I can do it if I try again”.

CURIOSITY

You can nurture your child's **curiosity** by asking him/her a series of questions when opportunity arises, such as during an outing/an activity:

- “ what do you see?”
- “ what do you think about that?”
- “ Have you ever wondered why?”

Classroom Allocation for 2023...

Transition Levels	Criteria
P1 to P2	En-bloc promotion with minimal movement.
P2 to P3	<p>Class allocation is based on Learning Outcomes attainment for English and Math and the assessment of Learning Dispositions.</p> <p>Based on the above, students are then divided into 3 broad groups of similar learner profiles</p> <p>Students are then allocated to their classes <u>within the broad group</u> factoring in gender and ethnic grouping mix.</p>
P3 to P4	En-bloc promotion with minimal movement.
P4 to P5	<p>Class allocation is based on English, Mathematics and Science SA2 results as well as choices made through the Subject-Based Banding (SBB) Exercise. Promotion from P2 to P3 (Details can be

found in Pg 25 of the student handbook)

- In general, Class Allocation is based on LO attainment for EL, math and assessment of LO
- Other non-academic factors such as gender and ethnic group mix will also be taken into consideration when re-grouping students within the broad group.

Our Philosophy

Values-based, Holistic Education

We believe in **nurturing the whole child**
by guiding our students to develop their

Blended Learning @ PGVP....

- For 2022- we are continuing with BL efforts; P2 to P5 will be involved. [e-Learning]
- What do we hope to achieve through BL?
- Blended Learning builds on our continual education reform – “Learn for Life” movement – to:
 1. equip students with stronger abilities, skills and habits for independent and lifelong learning; and
 2. to strengthen our students’ future readiness.

Blended Learning @ PGVP....

- For 2022- we are continuing with BL efforts; P2 to P5 will be involved. [e-Learning]
- What do we hope to achieve through BL?
- Blended Learning is an educational approach that combines traditional face-to-face classroom education with computer-based instruction. It is designed to facilitate self-directed and independent learners who are able to -
 - **Take ownership over learning**
 - **Plan, monitor and regulate learning**
 - **Search, access, acquire information**
 - **Extract and evaluate information, and continually refine understanding**
- Develop passionate and intrinsically motivated learners – learners who possess the desire and passion to learn for life
 - **Curious and eager to new knowledge**
 - **Open and willing to embrace challenges**
 - **Pursue and sustain areas of passion**

Key features follow:

**As parents.....
what can you
do to support your child?**

Parents as co-partners in education

Our Philosophy

Values-based, Holistic Education

**Do the Right Thing
And
Give of Your Best**

**This starts with
cultivating the right
habits ...**

**Part of the preparation for higher level
and hence PSLE depends on
building the right habits starting from P2...**

- Attendance

- Come to school every day
- Be on time 7.30 am ; must be in the classroom by 7.25 am

- Attitude

- Pay attention during lessons
- Encourage your child to ask when in doubt / not sure
- Ensure that your child complete his/her homework on time
- Ensure that your child does his/her corrections

- Achievement

- Try your very BEST

3As to Success....

How can Parents support ?
Character Development is most effective when there is partnership between home, school and community...

As parents we can reinforce our children's learning and values nurtured in schools

Parents can extend what children have learnt from school at home

R³ICH values (Respect, Responsibility, Resilience, Integrity, Care & Harmony)

Lost and Found....

Responsibility :

- Cultivating the habit to take responsibility of his/her belongings
- Let's work together to reinforce this sense of responsibility in our children....
- Making an effort to make them look for it; Not too quick to replace it...

Reinforce some of these useful habits as a daily routine

Good Morning

A-Always greet your teachers and friends.

B-Be ready to wash your hands and **take your temperature**.

C-Continue to wipe-down when needed.

D-Do record your temperature in your handbook.

Bring your own rag to do wipe-down.

Positive Education...

DAILY DOSE OF POSITIVE EDU

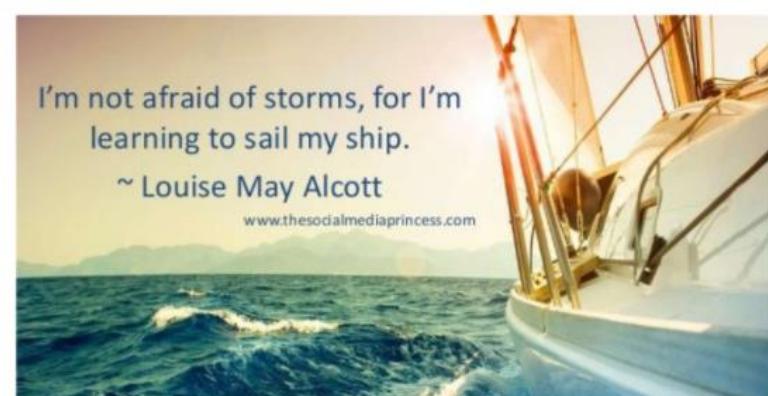

- We know that not every day can be smooth sailing either; **life puts storms in our path.**
- We **seek to learn and build our skills** with each experience.
- **Remember where you are going.** Stay the course but adjust if you need to.

I'm not afraid of storms, for I'm

I'm not afraid of storms, for I'm learning to sail my ship.
