- Avoid bringing valuables or excessive money to school

Parents are advised **not to deliver** forgotten items (e.g. homework, pocket money).

Students may approach the General Office if assistance is needed.

10. Communication With Parents

The school communicates primarily via:

- Parents Gateway (PG)
- School website
- PGVP Quarterly

Parents who have not downloaded and activated the MOE Parents Gateway (PG) app are required to do so promptly. Most school communications and consent forms, including the PGVP Quarterly, are disseminated exclusively via the PG platform.

MOE will also push important and time-sensitive notifications through the app. Parents who are new to Parents Gateway may refer to the following link for more information: <https://pg.moe.edu.sg/#home>

Parents are encouraged to contact teachers via email. Messages may also be left via the General Office. Queries received after office hours will be attended to on the next working day.

From time to time, teachers may also communicate with parents via platforms such as ClassDojo. We appreciate parents' understanding that teachers are not obliged to share their personal mobile phone numbers

b. Student Handbook 2026

The student handbook is also an important channel of communication between our teachers and parents. The first copy is provided free-of-charge and is therefore not included in the booklist. The handbook contains key information on the school's vision, mission, values, and important guidelines covering all aspects of school life. Students will also use the handbook to record homework and reflections as guided by their teachers.

Your child will receive the Student Handbook from their Form Teacher shortly.

c. Other forms of communication:

- Parent Teacher Conferences (PTC)
- Principal's Engagement Sessions with Parents

All the engagements will be conducted virtually either via Google Meet or MS Teams. More details will be given nearer the date.

d. Guidelines for School-Home Partnership

The above strategies underscore the importance of a strong school–home partnership. To support this, MOE has developed a set of School–Home Partnership Guidelines, updated in 2024, to guide parents and schools in working together to raise a happy, confident and kind generation.

These guidelines are anchored in three key areas:

- Respectful Communication
- Role Modelling
- Real Connections

More information is available on our school website under School–Home Partnership.
