10 September 2024

Dear Parents/Guardians,

**e-learning for Primary 1 to Primary 5 Students during PSLE Listening Comprehension (LC) Examination Day (Fri 13 September 2024)**

Punggol View Primary School will be assigning learning activities/assignments to our students via the Singapore Student Learning Space (SLS) during the PSLE LC Examination day on **13 September (Friday)**. This is to ensure continuity of learning for our P1 to P5 students during the PSLE LC exam day. With e-learning we aim to develop in our students the competencies and skills to be <u>self-directed learners who are able to manage and monitor their own learning</u>. We also seek your understanding that as our teachers are deployed to support the PSLE LC, they will attend to your queries, if any, as soon as they are able to.

The e-learning will consist of 2 hours of online learning via the SLS portal and 2 hours of offline learning which include offline assignments or readings, with breaks in between. P1 to P5 students are requested to complete the SLS learning activities via the SLS portal for the online learning segment. Student-Initiated Learning is another component of e-learning where time is set aside for students to discover, develop and deepen interests in areas beyond the curriculum. This is to encourage students to be more curious and self-directed in their learning. SLS learning activities are open for three working days (excluding Sat, Sun & Public Holiday). There will be no SLS learning activities during public holiday. If students are not able
